Des Arc Items.

We are having some fine rains that will help the late corn.

Our town is improving. Robinson & Son have built two new garages, 40x70 feet, concrete floors and sided with galvanized iron, which makes them fireproof. The town is building sidewalks down to these buildings, which helps the looks of our town very much.

We have twenty-four drill men with us now. They are drilling on the Crowley farm. Mr. Ramsey, the manager, and his wife, have rented a home and are keeping house.

Mrs. Ethel Parker, daughter of W. T. Stevenson, is visiting in Des Arc. She has been away four years. She and her husband, Walter Parker, live in St. Louis.

Mrs. W. W. Strother and daughter have gone to St. Louis, after visiting relatives here.

H. Collins and family motored down from Annapolis and called on Thos. P. Fitz and family. He says that his son, William, is still in the West, but he looks for him home soon. Carl Bolch is also out in that country.

Sorry to hear that Chas. E. Bolch of Annapolis had his safe blown open and over \$400 stolen. He should keep his money in the bank.

Dr. Farr, A. Z. Kinder, L. L. Schmidt and John McFall motored to Ironton Friday to attend the road meeting. They say the road working will start right away.

The Wayne county road workers will get through to the Iron county line this week. They are traveling over the new road from Simmon's Crossing to Gads Hill.

John Loyd and wife are visiting relatives at her old home, Marquand.

Ben and Leland Keathley were in Des Arc Saturday. They are running handle factories at Brunot and Patterson.

I met with young Homer Crocker, whose parents live in the west end of Iron county, at Ironton Sunday. He is a member of Company I, 38th Division, and is stationed at Camp Pike, Arkansas. He is quite an interesting young man and says Camp Pike will soon be abandoned and moved to Nebraska. He says the mosquitoes are very bad in Arkansas. He also says the soldiers get all the "white mule" they want from boot-leggers at \$5 a pint. He says when the soldiers get drunk and want to fight the officers let them fight it out with gloves. When I talk to a soldier it brings back my war days.

Mrs. Hazel Haggerty is visiting her parents, Mr. and Mrs. McKee. When I was in Ironton Sunday Dr. Marshall invited me to his home. He certainly has a lovely home. His daughter, Miss Irene, gave me some fine music on her baby grand piano. She is certainly a fine musician.

Our graveyard working was well attended—24 men present, but did not have blades enough, so it will be finished by day's work. It is a big job; the cemetery covers three acres.

Annapolis News.

Plenty of rain the past few days and is raining to-day. Sure is fine on the late corn.

Chas. E. Bolch's store was burglarized twice the past week. The first time but sixty cents out of the money drawer and possibly some merchandise were taken. But on Thursday night, August 11th, burglars again broke into the store. An entrance was effected through the warehouse and blew open the safe in the office. The thieves secured between \$1,000 and \$1,200 in cash and some valuable jewelry. There is no clue as to the guilty parties.

Several of the world war boys have filed their discharges so as to prove their claim for the bonus recently voted in Missouri.

John Moss has built a house just across the creek on the Redford road. Robert Miller has moved to town and is living on Charley Phillips' lands at present.

S. L. Dunn has been on the sick list past three weeks.

Our planing mill is not in operation yet but the machinery is on the ground.

Two cars of cattle from Reynolds county shipped from here to St. Louis last week.

Ties and props have fallen to six cents a piece—and not wanted at that price—payable in merchandise.

BULLETIN.

Acknowledgment to Mrs. Brewer.

Ed. Register—We now have our cemetery cleaned up and everything in good shape, and wish to thank the people for their liberal donations, and wish especially to thank Mrs. John Brewer for the interest she has taken each year in keeping it so nice and clean. Mrs. Brewer starts out each year on a tour of the town, and writes to a few friends who live in different parts of the country for donations to do this work and personally sees that it is done right. I only wish we had more people as much interested as Mrs. Brewer is in taking care of the place where our loved ones are laid away.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Bixby Items.

Our school begins to-morrow morning, the 15th, with Mr. Carl Pippin as the teacher. It is opening later than usually this year, due to the scarcity of teachers and also to making some necessary repairs on the cistern before it could be used.

Dr. W. G. Henderson of Oak Hill, Mo., made a flying trip last week to the home of his parents, Mr. and Mrs. H. R. Henderson of Doyle, this county. He drove thru in a Ford car, returning the same day. Mr. Henderson is well-known in this county as one of our best teachers of a decade ago; and is now one of Crawford county's leading physicians.

Mr. and Mrs. R. Hughes of Edgehill, Mo., with their son-in-law and daughter, Mr. and Mrs. W. M. Dickerson of Wisconsin, spent the week-end with relatives at Bixby and Howes Mill.

Master Teddy Hughes of Edgehill spent Saturday and Sunday visiting his brother here and "took in" the picnic and ball game.

The Misses Ula and Mollie Moses of Courtmo, Mo. are visiting their cousin, Mrs. C. A. Day.

Miss Tressa Turner, with her little sister Vivian, is visiting at the home of James A. Freeman and family.

We are sorry to note the death of Mr. George Wells of Doyle, this afternoon. George has been confined to his bed for several months with a

complication of ailments, chief of which seem to have been some form of tuberculosis and kidney trouble. He leaves a wife and three small children.

The picnic given here yesterday by the local baseball club was a fair success in spite of the threatening weather and two or three light showers, which marred the dinner hour and caused the ball game between the local team and Sligo to have to be deferred until it was too late to play but three innings before the superintendent of the railroad at Sligo required that the train return to Sligo, thus ending the game, for part of the players belong to the train crew and the balance of the players and the some forty or fifty fans from Sligo, also, had to return on the train. We had a good sized and perfectly well be-

haved crowd; and the ball game was bidding fair to be the most interesting game of the season when brought to an untimely end by the superintendent's order. Sligo had been at bat three times and had made three runs in the first inning. Bixby made two runs in the first and had made one in the third and had a man on third and one on first and a good batter up, with two out, when the whistle blew, and the Sligo boys beat a hasty retreat. During those three innings, Sligo's pitcher, Joe Wurst, struck out two of our batters, while our boys registered seven hits off him; and our pitcher, Arnett Freeman, "fanned" seven and allowed but two hits, but he hit two and threw a few wild balls in the beginning while the ground was wet, which gave

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

Our ball team, with several fans, went to Sligo last Sunday the 7th and got "wolloped" to the tune of 7 to 3 in favor of Sligo. Our boys seem to be like the dog or rooster that fights away from home. The only two games we have lost this season were at Sligo and at Graniteville; and both of them were lost on errors of the Bixby team. They made sixteen errors at Sligo to Sligo's four; and the Graniteville players admitted that they did not earn the game, but simply had it given to them. However, we are expecting the Graniteville boys to return the game at Bixby in the near future, when we hope to either earn a game off them or make them earn it off us.

There was quite a lot of ice left over from the picnic, so the families and friends of the ball team met at Bixby this afternoon and made ice-cream and had a pleasant social afternoon. The ladies furnished the cream and cake and strawberry preserves for the sundae, and the men and boys beat the ice and turned the freezer and did most of the eating, with the exception of Mrs. Freeman, who ate about a quart and said that if it did not hurt her, she would eat all she wanted next time. Ten gallons were made and devoured; half as much as it took to supply the picnic, which would have sold for thirty dollars, if it had been peddled out by the cone at current prices.

We are glad to note that Mrs. F. E. Stafford, who was recently seriously hurt by a fall at the home of her son in Madison county, is again able to travel and has returned home.

Mr. Willis Freeman, our well-known baseball catcher and star batter, is now the mail carrier between Bixby and Stonehill. He has bought out the former carrier, Mr. Wilbur Dyer, who will soon move to the lead belt, leaving his residence in Bixby to Mr. Freeman. We are sorry to lose "Gibby" and his pleasant wife from our little "berg," for they have been excellent neighbors; but we are glad to welcome Willis with his bride of a few months, for we feel sure that they will also prove to be an agreeable addition to our little circle.

We notice that the Potomac company have been shipping several cars off the line lately, which indicates that there must be some little revival in the demand for ties.

We cannot find out what the Sligo Furnace Company contemplates doing. We keep hearing rumors of a complete shut-down soon; but the people who are in a position to know are as "tight as jugs" about letting out advance information as to their intentions. They ought to let us know, so their employees could figure a little ahead, and plan what they will probably be doing a few months in the future.

Huzzah Items.

We are needing rain badly. A two weeks' meeting held by F. K. Hutching and J. O. Asher here, was very successful. There were six conversions. It has been a great help to our community.

Mr. Wilbur Dodson, Cecil Hutching and Miss Grace Clements attended the teachers' examination in Salem last week.

The contractor, Mr. Hall, is now building on the new schoolhouse at Buick.

Mr. George Wells of Doyle has been very low.

Herbert Bay visited friends at Bills Creek Saturday and Sunday.

Mr. George Bay of Nettleton, Mo., spent a few days with relatives here. He will move to Columbia soon.

Mrs. Helms of Hopewell is visiting her daughter, Mrs. Jennie Clements, of Buick.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her. "I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made, and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.
